

Project Description 257165-4

- Add one lane in each direction
- Add a median separation
- Replace Bridge over Withlacoochee State Trail (WST)
- Provide bicycle lanes adjacent to travel lane in each direction
- Provide sidewalks on both sides
- Provide a shared used path to connect sidewalks to the Withlacoochee State Trail (WST)
- The WST will be temporarily impacted due to bridge construction
- Temporary signalized crossing to detour WST users during bridge construction
- Permanent Signalized Pedestrian Crossing provided with lighting near Station 1197+00.00
- Lighting provided under the bridge
