Gateway Expressway
I-275 Express

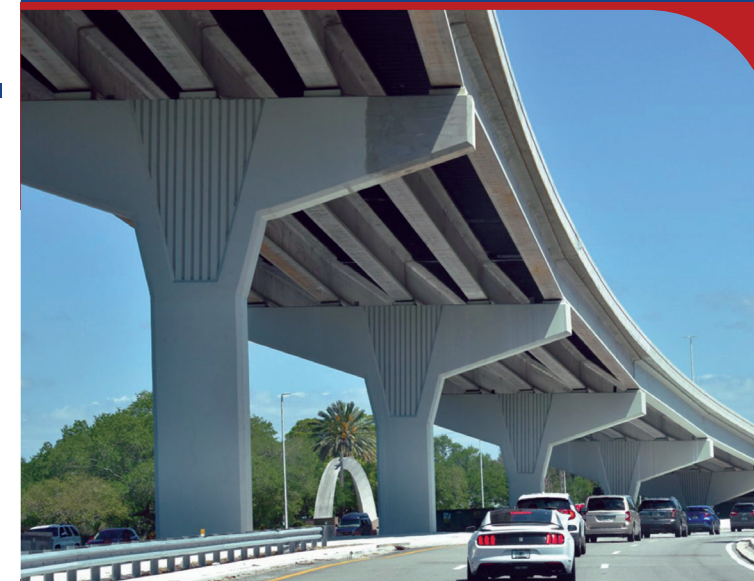

The Gateway Expressway project includes two new elevated tolled expressways, providing direct links between U.S. 19 and I-275, as well as between the Bayside Bridge (north of 49th Street Bridge N.) and I-275.

I-275 now has one new tolled express lane in each direction along the median next to the existing general use (non-tolled) lanes from south of Gandy Boulevard to 4th Street N.
