About

This project is repaving I-275 from the Bearss Avenue interchange to the bridge over Nebraska Avenue in Tampa.

In addition, SR 678 (Bearss Avenue) between Florida Avenue and Nebraska Avenue will also be repaved.

Construction activities are taking place during daytime and nighttime hours. Work requiring lane closures along I-275 will occur at night from 8 p.m. to 5 a.m. Occasionally, interstate ramps may close at night between 11 p.m. and 5 a.m.

Access to driveways, sidewalks, and side streets to be maintained.

Drivers, please use caution when traveling through the work zone and remain alert for pedestrians and construction workers.

Project competition is expected during spring of 2024.
