

US 98 (Dade City Bypass) Widening from 7th St. S. to 7th St. N. 256423-3-52-01

Project Details	
Work Type	Widening
Phase	Construction
Limits	from 7th St. South to 7th St. North
Project Start	March 8, 2023
Length	1.6 miles
City	Dade City
County	Pasco
Road	US 98
Construction Cost	\$37.9 million
Estimated Completion	Summer 2026
Contractor	Cone & Graham, Inc.

About

This design-build project is widening US 98, also known as the Dade City Bypass, from two lanes to a four lane highway between 7th St. S and 7th St. N.

Two roundabouts will be built with the project: One will be constructed at 7th Street S and one at Old Lakeland Highway.

New traffic signals will be added at the Meridian Avenue, 7th Street N, and River Road intersections. The existing signal at Martin Luther King Jr. Boulevard will be improved. Sidewalks will be built on both sides of the highway.

The contractor is responsible for finalizing the design plans and building the improvements. The design portion of the contract began in March 2023. Construction work began in late January 2024.

****A Virtual Public Meeting was held on this project on November 29, 2022. A copy of the presentation can be found at the video link below under *Project Videos*. If you would like to view a PDF version of the presentation along with the script, please click on the presentation under *Project Files*.**
